# Yamma Mweyl el Hawa

(chorus)

يما مويل الهوا يما مويليا  
ضرب الخناجر ولا حكم النذل فيا

yumma, mweyl el-hawa, yumma, mweyleya  
Darb el-khanajer wala, Hokm en-nathel fiyya

*Translation/meaning:*

*Mother what direction will the wind blow?  
I would think it's easier to die than live a life of  
subjugation*

*(the rest of the song says: "I walk in the rain that quenches the  
thirst, and when the summer's heat arrives, it increases my  
passion for freedom. While the enemies' army surrounds us from  
every corner, my hope and faith lies in my countrymen who will  
defend my brave people."*
